RE: Georgia Roofing and Metal Company

Gentlemen:

Please accept this letter as my overwhelming endorsement of Georgia Roofing and Metal Company. I have had the pleasure of doing business with Marshall, his father and his sons for over forty years. I have found them to be dependable, reasonable, diligent and cost effective in every assignment I have ever given them whether large or small. Actually, they have never told me an assignment was too small for them. They are extremely customer oriented.

If you would like to discuss this further, please call my place of business at 404-223-5424.

Best Regards,

Walter Strauss
